

NEW **classiX[®]**

International line of welding clamps

Simply better.

Your benefits at a glance:

- 1 Global product platform**
A common platform of high volume clamp styles, openings and pressure capabilities provides the impetus for high-volume production runs.
- 2 Quality control**
Internationally sourced components coordinated by BESSEY[®] quality control and engineering departments ensure great prices and great quality.
- 3 Great value**
Profiled rail, spatter resistant spindle and simplified heavy duty pad offer great value for industrial use.

Standard pad

Heavy duty pad
