

# PlatinumX™

Safety Eyewear

Get the look and the protection you deserve with Platinum X™ safety eyewear. The sleek style of the gunmetal X-frame provides a cutting edge design that makes this eyewear flexible with a secure fit. A scratch resistant polycarbonate lens with 99.9% UV protection provides increased peripheral and distortion-free protection. Hinge stops help to prevent lens damage while its contoured, soft touch rubber temples allow all day comfort. The Platinum X™ meets ANSI Z87.1 standards and is CSA Z94.3 compliant.
