- Air flows between layers
- Removes up to .01 microns
- Minimal pressure drop
- Depth filter element
- Non-degrading
- Compresses in housing

Part No. M-26-KIT

## Magna-Rules

Flexible magnetic rulers that allow hands-free measuring on any steel surface, flat or curve! These unique revolutionary measuring tools make precision applications available to the skilled craftsman, offering not only efficiencies, but accuracies not previously attainable using conventional methods.

- Comes in three distinct lengths to cover all applications:
  - 1 ft, 2 ft, & 3 ft models in one package.
- Ideal for working with metal.
- Made in America for professionals by professionals.

Part No. MR-3

**REFINISHING** - The Perfect Final Filter. Eliminates paint failures caused by particles, moisture and oil aerosol contaminants as small as .01 micron.

**AIR TOOLS** - The Air Tool Savior. Extends the life of your tools by protecting bearings and precision parts from dirty, oily watery contaminants.

**PLASMA CUTTING** - The Essential Accessory for Plasma Cutters. Increases the efficiency and tip life of your plasma cutter by removing the moisture and oil aerosols from your compressed air line.
